## WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

### SUMMARY

A bivouac and training area is located on Taganrogskiy Bay on the Black Sea, 8 kilometers (km) west of Yeysk, USSR (Figure 1). The facility covers 1,600 acres and contains 7 buildings, a probable 6-gun AAA site, a tent camp, and 2 probable vehicle/equipment parks (Figures 2 and 3).

The bivouac and training area was covered

on [ ] KEYHOLE missions from [ ]  
[ ] Photography revealed no tents, vehicles, equipment, or activity. A minimum amount of trackage was observed. The AAA site is unoccupied. This area is probably a summer training facility for Soviet reserve artillery forces.

25X1B

### DESCRIPTION OF INSTALLATION

#### Road Service

Dirt or gravel roads provide access to main highways.

#### Aircraft Landing Strips

Yeysk Airfield is located 5 km east of the bivouac and training area, and 2 sod airstrips are in Kukharivka, 9 km south.

#### Administration and Troop Housing Areas

Area D1 contains 5 administration/support buildings and a possible water tank. This area probably provides administrative and other support for the facility.

Area D2 is a tent camp and probably contains tent bases. No buildings or tents could be discerned.

#### Other Buildings and Facilities

Area H contains 2 buildings and ground scarring.

#### Equipment Storage/Maintenance Areas

Area J1 is a motor vehicle/equipment park. Area J2 is a possible vehicle/equipment park. No vehicles or equipment could be discerned in either area.

#### Artillery Emplacements (Batteries)

Area Q contains a probable 6-gun AAA site. The site is unoccupied and appears to be overgrown with grass and brush.
